### Taking Care of our Guests and Staff

All of us have been affected by the Coronavirus pandemic in one way or another.

Our main priority is to keep you and our staff as safe as possible, therefore in order to do this we have introduced several changes:

- On arrival we ask that you use the hand sanitation point.
- We will be improving and extending our already robust set of cleaning procedures across front of house and back of house areas, ensuring that key touch points are cleaned regularly.
- All guests will find increased hand sanitisation facilities.
- As always all crockery and glassware will have been sanitised and replaced between guests - even if it does not appear to have been used.
- To minimise contact, we will not enter bedrooms during your stay.
- If you have a table reservation we respectfully request strict adherence to your reservation time, in order to maintain social distancing.
- During your stay, please ensure you follow social distancing guidelines, follow all signage and use sanitisation points at regular intervals.
- Regarding payment transactions, prepayment will be taken for all accommodation bookings. In the restaurant card payments are preferable to minimise contact.
- Our team here at Bramblewick will be provided with PPE where appropriate including face masks and disposable gloves should they wish to wear them. Hand hygiene is of the upmost importance and we will ensure this is done with NHS recommendations at regular intervals.
- If any of our team have symptoms of COVID-19, they will self-isolate immediately following government guidelines.

*We thank you for your patience during this time.*

**We hope you enjoy your stay with us at the Bramblewick.**
